

BIGVENTTM

TYPE-B GAS VENT IN 14" THROUGH 30" DIAMETERS

METAL-FAB BIGVENT™ WORKS FOR YOU.

What is BigVent™?

Metal-Fab BigVent is Type-B Gas Vent in 14" through 30" diameters. BigVent is factory-built, double-wall, atmospheric vent approved for Category I appliances burning natural or LP gas.

Where is it used?

It is typically used on light commercial, multi-family, loft conversions, strip centers, factories, schools, jails or other installations requiring vent diameters larger than those found in single-family houses.

BigVent is used on both new construction and rehab projects.

Is it Easy to Spec?

In addition to the quality we've built into BigVent, we offer many value-added benefits that make it extremely easy to specify.

- Complete line of components up to 30" diameter.
- Factory sizing assistance that takes the guesswork out of ordering. Just send us the plans for your project and we'll provide sizing at no charge.
- All products furnished conform to the requirements of the National Fuel Gas Code, NFPA-54.
- All products are listed to UL-441 and carry the appropriate UL mark or label.
- Warranted against defects in material or workmanship for a period of one (1) year.

Is it Easy to Order?

- Recognizing that you need product fast for your project, our large factory inventory allows us to ship within 1-3 working days of your order.
- Your order will arrive 100% complete.
- Drop shipping to the project site is available.
