

CORR/GUARD[®]

SPECIAL GAS VENT

PRECISION ENGINEERED FOR FAST INSTALLATION

EXCLUSIVE SNAP-LOCK DESIGN

SINGLE WALL
DOUBLE WALL

3", 4" & 5" DIAMETER

METAL-FAB^{INC.}
An OLYMPIC STEEL Company

MODEL CGV - VALUE • MODEL CG - STANDARD

Corr/Guard® makes your job easier with exclusive benefits... the Gold Standard of Special Gas Vent!

FAST, EASY INSTALLATION

One-step connection and snap lock - just slide together until it "clicks" tight, no tools required.
Moderate insertion force needed.
Fewer supports required on horizontal runs.

QUICK AVAILABILITY

Ships in as little as 2-3 days.
100% order fill.

NO SAGGING

Tight overlap and lock prevent sag and "wobble".
Fewer supports needed.

LEAKPROOF BLACK SEAL

Seamless, precision formed "VITON" gasket.
Tight tolerance pipe.
Snap lock.

PRECISION ENGINEERED BLACK QUALITY

Gasket is molded to fit, not extruded/spliced.
Continuous weld inside the flue on elbows, not taped.
Laser welded pipe.
Consistently close tolerances.
Pressure rated to 10 inches of water column.
UNS S 44735 (i.e. AL29-4C) or 444 corrosion resistant stainless steel.
UL Listed - tested and labeled to UL1738 for Category II, III & IV appliances.
Limited Lifetime Warranty. (Standard Corr/Guard Value series not included.)

FULL LINE

3", 4" & 5" diameters, 6" - 48" lengths. (For 6" - 36" dia. refer to L2610 design manual.)
Complete selection of components.

MULTIPLE APPLICATIONS

Single Wall Special Vent Pipe
Double Wall Special Vent Pipe
Double Wall can also be used for Direct Vent applications if approved by appliance manufacturers. .

Specify the model that fits your application:

CG - Standard: UNS S44735 (i.e. AL29-4C) superferritic stainless steel, limited lifetime warranty.

See price list L1758.

Example:

Single Wall Straight Length = CGSW

CGV - Value: 444 stainless steel, five year warranty.

See price list L1758.

Example:

Single Wall Straight Length = CGVSW

One-step connection...fastest on the market!

*Just push together until the snap-lock tabs "click" into locked position,
your assurance of a leak-free connection.*

CODES AND STANDARDS

Corr/Guard is listed to UL 1738, Standard for Venting Systems for Gas-Burning Appliances, Categories II, III, and IV. These requirements cover venting systems intended for venting Category II, III, and IV gas-burning appliances as defined by the Standard for Gas-Fired Central Furnaces (except Direct Vent Central Furnaces), ANSI Z21.47 and the National Fuel Gas Code, NFPA 54. Venting systems covered by these requirements are intended to be used with Category II, III, and IV appliances that have been installed in accordance with NFPA 54, and with codes such as the BOCA National Mechanical Code, the Standard Mechanical Code, the Uniform Mechanical Code, and local codes.

Corr/Guard vent material is UNS S44735 (i.e. AL29-4C) superferritic stainless steel or 444 corrosion stainless steel. This vent is intended for use wherever appliance manufacturers specify superferritic stainless steel as the required vent material and, vent gas temperatures do not exceed those listed in the Metal-Fab Installation Instructions and the Application section of this manual.

New York City, NY MEA Approval No. 78-00-E

For complete details on Corr/Guard 6"-36" diameter vent, please see the Corr/Guard Design Manual, Form No. L2610

A FULL LINE OF QUALITY PRODUCTS

TYPE-B GAS VENT

Easiest installation on the market..Featuring SureLock B-Vent Locking System.

AIR-COOLED TEMP/GUARD®

Complete line of Type-B Gas Vent products and accessories.

FLEXIBLE CHIMNEY LINERS

Comprehensive kits and accessories for all relining application.

TEMP/GUARD®

All-Fuel Chimney for use with listed wood, coal, oil and gas-fired appliances.

BIOMASS CHIMNEY

Tested and listed to UL 641, available in 3" and 4" diameters with a positive twist lock connection.

BLACK STOVEPIPE

Single & Double wall components tested to UL 103.

FIRE & CEILING DAMPERS

Complete line of fire and ceiling radiation dampers, 100% order fill with no backorders.

GRILLES & REGISTERS

Grilles, Registers and Diffusers manufactured from heavy gauge steel and hand inspected to ensure quality.

DIRECT VENT

Sure-Seal Direct Vent, for use with approved gas-fired appliances.
